

Due to Covid-19 and the growth of our clinic we have had to implement some changes. Our first goal is to keep everyone safe and to provide therapy in the best environment we can provide. After reading the following please sign and date below.

- We are a business in a residential neighborhood. What this means is that we want to carefully and respectfully maintain our relationships with our neighbors. **PLEASE DRIVE SLOWLY ENTERING FALCON HIGHWAY. WE HAVE KIDS PLAYING AND HORSES OUT.**
- If you see a horse, with walker and/or rider, on the road, **please slow down.** Our horses have been learning to trust their safety with traffic however it is always safest for everyone when the car slows down. On our road, with the yield to horse sign that would be to 15 mph.
- If your child is 10 minutes, or more, late for their appointment, and the horse was being used during the session, **the horse will no longer be used** for your child's session.
- Please continue to **stay in your vehicle** until your child's therapist checks their temperature and they are cleared to come into the clinic (these areas include inside the workshop, barn, or play area)
- You must **stay on property** during your child's session. You are permitted to walk the premises, sit in the park area, or walk on the road around the property. Siblings not being seen may join you. We ask that you only go into the workshop to use the bathroom, otherwise please stay outside.
- The **zipline is for therapist use only.** Children are allowed in the play area and can use the ninja warrior course. The zipline use must have a therapist.
- Due to regulations on social distancing it is important that **parents not participate in the in-person therapy sessions.** We value your input and will continue to keep you informed and up to date.
- If you have a dog that travels with you please be sure **the dog stays in the vehicle.**
- If you need to contact your therapist/instructor you are free to do so however your therapist will be **responding during business hours of 8-5.**
- Please **no smoking** (including vaping) on the premises. Even in your vehicle.
- Please **PARK ON THE BLACK GRAVEL AREA ON THE SIDE OF THE WORKSHOP.** If that parking is full, secondary parking is south of the clinic Infront of the outdoor area. **Please DO NOT PARK AT THE HOUSE** as that is a private residence.

By signing this document, I acknowledge that I have read the above statements.
